Considering that the average VAT payments are 20% in Europe and 10% in Asia, a substantial amount of VAT payments can be recovered through the Foreign VAT Back Solution. While most countries offer VAT refunds for the previous year only, there are a number of countries that can offer VAT refunds for as far back as the last 5 years. This means bigger VAT refunds for your company.

As there are upcoming deadlines per country for submitting VAT refund requests this year, we encourage you to please contact ECCP immediately so we can discuss with you when to file and how the process works. We can also provide you a full briefing on the VAT refund service.

Please contact Gigi de Leon, Officer in Charge of the ECCP Business Consulting Services, for an immediate meeting schedule by emailing her at gigi.deleon@eccp.com.

Don't miss this opportunity to recover your VAT payments. Contact ECCP. We will be happy to assist you.
